

WHO? Questions

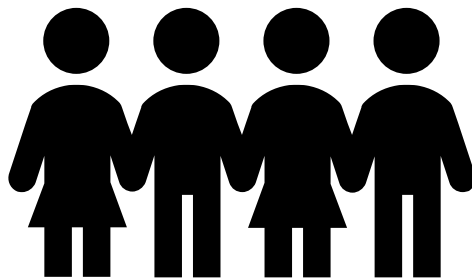

Directions:

Print, laminate, and cut task cards.

***I recommend introducing “Who” questions with the first 6 task cards, before moving on to introducing community helpers.**

****The community helper flashcards on pages 12 – 15 can be cut out individually and used as an increased or decreased receptive visual field size. They can also be used for expressive naming “Who is it?” after the student has mastered identifying them.**

*****The last two pages of task cards without pictures on pages 17 and 18 can be used once the student has mastered answering “who” questions with pictures.**
