Answer Key	10-11
Info on our store	12

**Bonus! 14 Pages of Larger Pictures! Pages
13-26 PRINT THESE PAGE IN LANDSCAPE!!**

INFORMATION AND INSTRUCTIONS

1. This resource is designed to provide you with materials to assist in teaching your students to identify a missing item in a picture, such as in the ABLLS-R G-28 (note: this resource only addresses missing items, not incorrect items)
2. 36 -2"x 2" picture cards are included that depict a common item with something missing, as well as those same 36 pictures with the missing item included that you may use if desired for teaching/prompting.
3. Print in color and laminate each picture, cut out and use as flash cards.
4. An answer key with suggested answers is included.
5. For Larger Pictures Print pages 13-26 in LANDSCAPE!

5. Sample teaching procedure: Show student a What's Missing picture card. Ask: "What is missing in this picture?" Child may say "The chair's leg is missing" or similar. If the student does not answer or answers incorrectly, show them the Teaching Card that corresponds to that picture. Name the picture and name the parts of the item/describe the item. Now place the two cards out side by side and ask again, while pointing to the What's Missing picture "What is missing in this picture?" Prompt as needed according to the need of that particular student.
